

WEB WALK

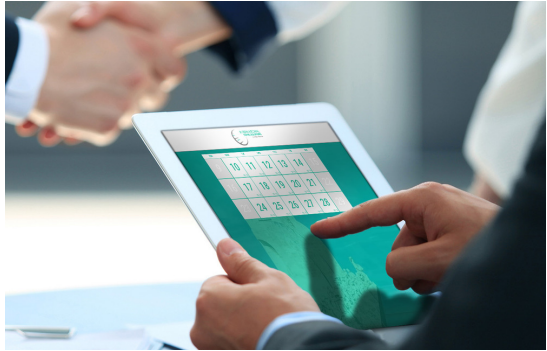

The #1 Reason for Cancellations and Attrition is because your members are not familiar with how your product works. Without having a 100% understanding on your product(s), they can become overwhelmed, frustrated, and often enough feel misled because they cannot find what their salesperson showed them.

The timeshare and travel club industry is a **high cancellation**, and **high liability** business. Through the usage of our proprietary Webwalk platform, we connect your new clients to one of our highly trained representatives. Each agent is a highly trained and certified expert on your product(s), providing unparalleled education and enlightenment on their recent purchase.

Our Online Web Presentation is customized specifically to meet your new members needs by educating them on how to use your product. This dedicated "One on One" presentation is a proven system that absolutely reduces cancellations, increases member retention and provides you with valuable information useful in achieving higher sales conversions.

Easy to Use Technology

- All reports and features are branded with your logos and color schemes to retain brand image with your clients and staff
- A simple, intuitive interface reduces the education time for your staff, enabling quick and easy deployment of the software.
- Dedicated agents for your campaign means our agent is an expert on your product

- Customers choose time and dates convenient for them at the time of sale
- Immediate email confirmations and dynamic scheduling technology allow us to maintain 95% contact rate

Compliance

- 3rd Party Compliance
- Automatic email alerts whenever a customer expresses concerns
- Get ahead of misleading sales practices
- Gain valuable unbiased insights

Option Legal Component

A 20 year relationship with the law firm of Cove and Associates, allows us to add an additional layer of compliance to mitigate liability. Ask for details.

Reporting

- Track your results in a real time interactive dashboard.
- Get notified immediately via email and or text message if we discover an issue with a customer
- Utilize comparative reporting to see the difference between clients who complete the Webwalk, and those that aren't.
- Create credibility of the product and services with your staff
- Webwalk results and recordings are stored for the duration of your campaign, giving you instant documentation and records in the event legal requires it.
